Projects/ Work Experience

Interactive Sales Report Dashboard | Excel

- Created a dynamic sales dashboard using pivot tables, slicers, macros, and checkboxes.
- Automated data analysis to track sales performance and trends efficiently.
- Enhanced user experience with interactive filtering and real-time data updates.

SQL Project on Online Book Store | MySQL

-Designed and implemented a relational database to manage book inventory, customers, and orders.
-Created complex SQL queries for data retrieval, customer insights, and sales analysis.
-Used joins, subqueries, and window functions to generate detailed business reports.

Aman and Bully – E-commerce Website | Wix Studio

- Co-developed an interactive e-commerce website using Wix Studio to sell dog products like harnesses and collars.
- Created a user-friendly interface with responsive design to enhance customer engagement and improve navigation.
- Collaborated with a team member to optimize website performance and ensure seamless user experience.

Technical Skills

Data Analysis: Proficient in **SQL**, **Excel** for data analysis and reporting.
Data Visualization: Experienced in creating dashboards and visual reports using **Excel**. **Database Management:** Skilled in **MySQL.**
Programming: Python, **JavaScript**
Web Technologies: Proficient in **HTML**, **CSS**, and **Wix Studio** for website development. **Soft-Skills:** Problem-Solving, Leadership skills, Quick Learner, Time management.

Certificates

**-30 Days SQL Micro Course	Satish Dhawale**	Feb'25

-Learned about SQL fundamentals, including queries, joins, and subqueries.
-Gained practical knowledge in data manipulation and database management.
-Applied window functions for advanced analytical queries and ranking.

**-Excel Tutorial from Basic to Advanced for Data Analyst	Satish Dhawale**	Feb'25

-Mastered pivot tables, macros, and data visualization techniques and developed expertise in using slicers and checkboxes to enhance user interaction.
-Built interactive dashboards and automated data analysis processes.

**-Introduction to Artificial Intelligence	Infosys Springboard**	Mar'24

-Learned AI fundamentals, including neural networks and machine learning models.

-Explored supervised and unsupervised learning techniques.

-JavaScript Zero to Hero | Let's Upgrade   Sep'24
-Learned JavaScript core concepts like DOM manipulation, functions, and async programming.
-Created interactive web applications and dynamic user interfaces.

Education

Ct. Group Of Engineering Management & Technology   Jalandhar
Computer Science and Engineering CGPA: 7.2   (2021-2025)
